

COVER CROP FIELD DAY

HOSTED BY DEAN FARMS COVER CROP SALES AND SERVICE

Location: Dean Farms, 2480 County Road 12C, Bryan, OH 43506

Date: June 30, 2017

Time: Registration at 8:30 am, Meeting will start at 9:00 am sharp,
A BBQ Lunch will be served at 12:30 pm

Agenda

- University of Manitoba soil ecologist **Dr. Mario Tenuta**, will discuss mycorrhizal fungi and its role in soil health.
- **Carrie Vollmer-Sanders** will be speaking on the Soil Health Partnership and the role that cover crops have played in her journey to build soil health on her family's farming operation.
- Brookside Laboratory President and CEO **Dr. Luke Baker** will talk on managing soil health and ways to test your progress.
- Independent Ag Consultant **Joe Nester** will share his experiences with cover crops, soil health and ways to work them into your operation.
- **Williamson Insurance Agency** will give an update on crop insurance and how you can incorporate cover crops with your coverage.
- Outside demonstrations and discussions—Explore the cover crop plot, tour **Dean Farms** new seed distribution facility, view cover crop application equipment, and visit with our Field Day Sponsors.
