

# SOIL HEALTH FIELD DAY

Thursday, August 17, 2017  
8:30 a.m.

Join us for a demonstration of Environmental Tillage System's Soil Warrior® strip tillage tool and cover crop trials on display. Speakers include Jim Hoorman, soil-health specialist with the National Resources Conservation Service and Jim Isermann, Illinois field manager with the Soil Health Partnership, among others.

Attendees will view the best management practices for improved water and soil quality, especially related to phosphorus runoff.

Free lunch provided by Macoupin County Pork Producers, and CEU credits are available in soil and water management.
